DEDICATION

GOLDENROD 1982

During the past twelve years, Robert Sylvia has served the students of Quincy High and Vocational Technical School in many ways. Mr. Sylvia has been a co-advisor to the senior class for the past four years as well as the golf, tennis, soccer and hockey coach.

Mr. Sylvia has taken pride in QHS/QVTS and he professes that this is a quality which a Quincy graduate must possess. He not only takes pride in his school but in the students as well. "If there is one characteristic for which I would like to be remembered, it would be that I love kids."

The staff of the 1982 Goldenrod takes pride and pleasure in dedicating this edition to Mr. Robert Sylvia for his continual help and support through the years.

It takes a lot of butterflies
to make a world full of flowers
And it takes a lot of people
to make a book

 This issue of Goldenrod has been the
combined efforts of a single group of people
~ The class of '82

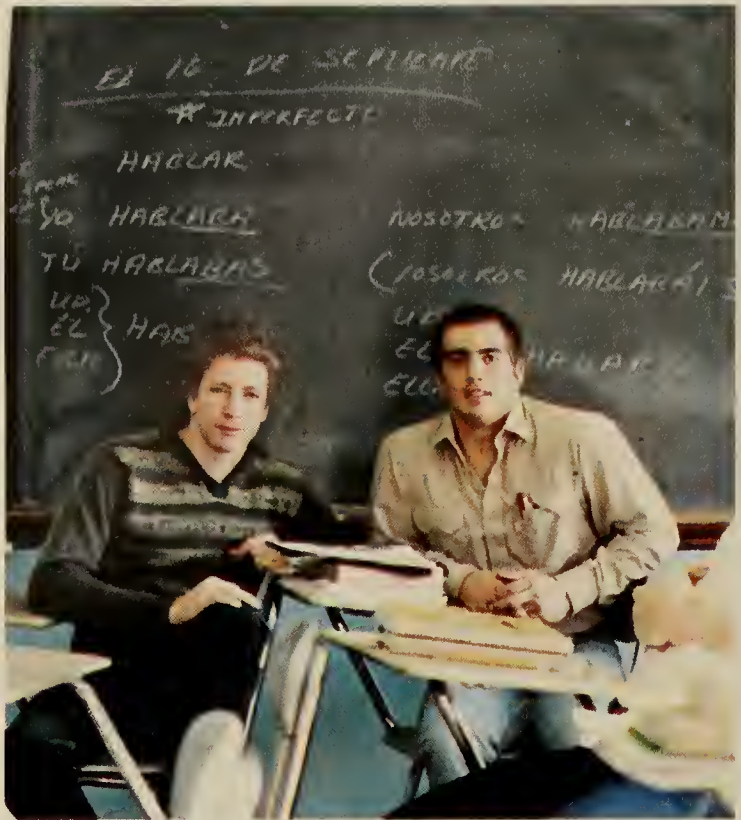

We have made this book. We have made
these memories. We have made these friendships
And we together have composed a group of talented
individuals.

The time has now come for each of us
to shed our cocoons~  
to break away~
and to show the world our ability
to create~

A world full of flowers.
